Extension

- Mature ability and observation evidenced through drawing of both lay figures and artist studies.
- I can show a mature awareness of formal elements of line, tone, shape, texture when drawing.
- I can gradually build up tone to create shadow, light and form.
- I use texture to show surface quality, symbolism and realism.
- I can draw a confident design to plan for my 3D work, I have thought about labels, annotations and notes to help me. The annotations are clear enough and mature enough that anybody could make my design by following them.
- I can build up form and 3D shape in a natural and fluid way. I show an individual approach with materials, considering texture, and surface quality.
- I consider the final piece, how will it look once finished, this guides my practice and allows for neatness and quality.
- I can make confident adaptations to my 3D work, allowing my design to guide me without being restrictive.
- I can use 3D materials with a mature level of awareness of safety; I ensure I keep myself and my work safe. I am aware of others and strive to keep them safe and prompt them when necessary.
- I can follow my design to show an accurate representation of my original plan.
- When decorating my 3D work I can show strong and fluent control with my brush and application. This could be glaze or paint.
- My book is neat, ordered and all work is completed to an excellent and confident standard.
- I complete all of my homework tasks independently and with excellent effort.
- I am able to evaluate my skills and ideas using key art terminology and clear written language, showing self-awareness of my own next steps.
